Old business discussion and possible action regarding the following.

Library noise complaint: Jannette Thrane Library Director presented that the vibration springs installed didn't make a difference. Jannette indicated that there are 2 more options available to try. 1. Install vent covers on the air conditioner unit. 2. Erect a wall to create a sound barrier. The committee recommended that a trial sound barrier be erected to see if that makes a difference before proceeding with any type of vent covers. Jannette indicated that she would be taking this to the Finance Committee as her next step.
